EDUCATION

Tashkent University of Informational Technologies

Location: Fergana — **Degree:** Bachelor

Profession: Software Engineering

September 2020 - June 2024

In the University I could gather qualifications about how to build and manage projects. Like gathering SRS(Software Requirements Specifications), managing SDLC(Software Development Life Cycle) and creating UML, SysRS(System Requirements Specifications)

PROJECTS

Meridian hospital management system(in progress):

HRM, CRM, ERP systems in one application.

I'm building this app using Monolithic architecture and I'm using Python, Django, ORM, PostgreSQL and HTMX on it.
